

TEXAS CIT ASSOCIATION

December 12, 2017

We are pleased to announce our 2018 Texas CIT Association Conference, which will be held May 3-5, 2018, in Fort Worth, Texas. This two and a half day conference is expected to draw 200-250 attendees and will include sessions on specialized police responses to the mentally ill, developing successful collaborations between law enforcement and behavioral health providers, and developing public-private partnerships, and other relevant topics.

Given the importance of the intersection between mental illness and the criminal justice system, particularly the ever-expanding role of local law enforcement in this area, we invite you to join us as a sponsor of this conference. Your support will enable the Texas CIT Association to deliver a high-quality event that empowers local communities to strengthen the safety nets that so many Texans living with mental illness are forced to rely on, while simultaneously working on developing strategies that are targeted toward keeping these individuals out of the criminal justice system for good.

This great event is an opportunity for your business to stand in front of these Mental Health and Law Enforcement Professionals as a Leader in our great collaborative effort to provide quality mental health care, reduce the chances of incarceration and end the stigma of mental illness. Please take a moment to review the sponsorship opportunities attached and feel free to contact us directly with any questions or concerns.

Sincerely,

Lt. Scott Soland
President
832-473-2677

Ann MacLeod, LPC-S, NCC
Secretary
832-394-4295
